

Smyer Ranch, Deming, OG.119

The entrance to OG.119 is located along NM-26 just 6.7 miles northeast of the US-180/NM-26 intersection. Approaching from either direction on NM-26, look for the yellow road/railroad crossing highway sign. Take the first dirt road to the south after this sign. Cross the railroad tracks and you will see the orange Open Gate property sign at the entrance gate. Established roads may be used to travel among Open Gate leased parcels and public land once you enter this gate.

Information: This property contains 7,248 acres located in GMU 21 on the outskirts of Deming, NM off Highway 104. The property is a working cattle ranch covered by a mixture of chaparral and native grasses. A number of wells and overflow ponds provide year round water for livestock and wildlife. Additional dirt tanks fill during wetter years and hold water.

Water sources provide some shooting opportunities for dove and waterfowl. Waste grain from nearby farms attracts birds to the area and provides some forage. Quail hunting can be very good in years when resources are more abundant and the populations are doing well. Javelina occur throughout most of GMU 21B and the conditions on this property can be fair at times for javelina hunting. This property is spread over a large area that is checker boarded by thousands of acres of BLM and State Trust lands.

Permitted Activities: Hunting is only permitted on this property during the seasons and dates specified in the Open Gate lease agreement between the Department of Game and Fish and the landowner. Access to the property is subject to the terms and conditions in the Open Gate lease agreement and is restricted to the following permitted activities:
