

## King Farms, Moriarty, OG.132

**Information:** This property contains 3,677 acres, in 3 separate parcels, located in GMU 8 on the northern outskirts of Moriarty, NM, off Highway 41. This property falls within the Estancia Valley and the acreage consists of a mixture of irrigated croplands and rangeland, which is actively farmed and ranched. Approximately 1,000 acres are cultivated to produce hay and forage silage. Waste grain and crop residue help attract birds and provide them with some food. This makes for good dove hunting and crane hunting in cultivated areas. Scattered stock tanks should provide some additional shooting opportunities for dove hunters when water is available.

**Permitted Activities:** Hunting is only permitted on this property during the seasons and dates specified in the Open Gate lease agreement between the Department of Game and Fish and the landowner. Access to the property is subject to the terms and conditions in the Open Gate lease agreement and is restricted to the following permitted activities:

Permitted Activity	Available Dates	Remarks
Dove Hunting (Mourning, White-winged and Eurasian Collared Doves, and Band-tailed Pigeon)	Migratory game bird seasons and bag limits are set by Federal framework and will be available upon publication of the New Mexico 2021-2022 Migratory Game Bird Rules and Information Book	
Sandhill Crane Hunting	Migratory game bird seasons and bag limits are set by Federal framework and will be available upon publication of the New Mexico 2021-2022 Migratory Game Bird Rules and Information Book	

**Open Gate** is a program that leases private lands to improve public access for hunting, fishing, and trapping. Open Gate leases are funded exclusively by hunters, anglers, and trappers through the purchase of the Habitat Management and Access Validation (HMAV).

# King Farms
