Information: This property consists of 150 acres located in GMU 33, southeast of Roswell, NM off County Road 409. The ranch sits along the Pecos River in the Bottomless Lakes overflow and is predominantly covered by a mixture of brush and tall grasses along the river. It provides fishing access to a 1.3 mile stretch of river (one side) and sits across the bank from the Riverview Ranch Shooting Preserve, a fee hunting operation that stocks pheasant, quail, chukar and mallard ducks, for the operations clients.

This property, along with the surrounding public lands, helps open most of the Bottomless Lakes overflow area to hunting and fishing. The Open Gate properties near Roswell, along the river, provide some of the only public fishing opportunities in the area.

Permitted Activities: Hunting and fishing are only permitted on this property during the seasons and dates specified in the Open Gate lease agreement between the Department of Game and Fish and the landowner.
