November 2021

Dear Middle Rio Grande Valley Youth Sandhill Crane Hunter:

Congratulations, your application was selected for an SCR-0-107 permit to hunt sandhill crane at the Bernardo Waterfowl Management Area (WMA) on November 20, 2021. Hunt areas will be randomly selected prior to the hunt, and all sites will be located on land.

You are required to arrive at the WMA by 5:30 am the morning of the hunt. Shooting hours are from one-half hour before sunrise to 1:00 pm. Please ensure that you bring your Special Sandhill Crane Permit, valid hunting license with a Harvest Information Program (HIP) Number, and hunter education certification card. It is required that one adult be present with the youth hunter(s) during this hunt. The adult will be a non-hunter and is present to aid the youth hunter.

The bag limit is three (3) sandhill cranes and only nontoxic shells are allowed. Harvest information will be gathered at the check station at the conclusion of your hunt. The check station will be located at the Bernardo WMA shop building (see attached map).

Good luck on your hunt.
